3100 EPDM Rinse Prep

PRODUCT DATA

Description: **3100 EPDM Rinse Prep** is an easy to use and water borne EPDM cleaner that is formulated to promote maximum adhesion of Acrylabs roof membranes. It is highly effective at removing oxidized EPDM, carbon black, from its surface.

Application: Can be sprayed using a pump type garden sprayer. Application rate (approximately 500 Sq. Ft. per gallon) will vary with the condition of the surface. Allow ten to fifteen minutes to activate before power washing, with a minimum of 3000 psi.

3100 EPDM Rinse Prep is available in 1 and 5 gallon plastic containers.

TECHNICAL DATA

APPEARANCE	Clear liquid
WEIGHT PER GALLON	Approx. 8.3 Lbs.
PH	13.0 – 13.5
VISCOSITY	Same as Water

Wet adhesion of 2100B and 2100 to EPDM Membrane

<u>Preparation</u>	<u>Wet adhesion (pli)</u>
None	.7
Power wash/water	.7
Prepared with 3100 Primer	1.8
